

# HURLEY SCREEN ROPE AND PULLEY

The Hurley Rope & Pulley Screen offers easy operation and is ideal for large screen applications in churches, auditoriums, schools, lecture halls and multi-purpose rooms where motorized screens are not practical.

These screens can be mounted to ceiling and walls or installed in a ceiling recess where it can be rolled up for storage and protection. Special features include:

- Custom sizes up to 30' x 30'
- Available in Glassmatte or Glassbeaded surfaces.
- Optional dust covers are available. Constructed of 3/4" composite hardwood with a fire retardant finish, these dust covers help protect the screen from damage.
- Optional black borders and drops are available.
